Home Captain's Signature

Away Captain's Signature

**Guidance** Teams are expected to field 5 'regular' shooters throughout the season. However teams are encouraged to bring on new shooters to help nurture our next generation of hotshots! To this end, up to three 'additional' shooters may shoot on a match night, with the best 5 scores counting as your team's grand total. Wherever possible, please arrange shooting such that novices are paired up against other novices, so that any coaching/marshalling/supervision doesn't distract the opposing team's regular shooters. Please be sporting in this regard and use this facility for the overall benefit of RADARL.
